Message

from the Chairman

Welcome to Daffodil International University.

We are living in the era of globalization, where the scenario of education is changing rapidly as an impact of information technology. Globalization has become more meaningful in the twenty-first century. Innovations in technology and communications have enabled the educational sector to expand its realm to a wider range of students in extensive geographic areas.

DIU is sensitive to the change of technology and its impact in society, and education in particular. It gives utmost priority to the requirements of human resource in the global market. With that reality taken into account, the university has introduced different programs and will be doing so in the coming days. We are responsive to the human resource demand in the local industry. Adoption of new programs will enrich the human resource of Bangladesh. In fact, one of the mottos of DIU is to convert people to human resources and build them for the local as well as overseas employment.

DIU ensures experienced and rich faculty as well as updated curriculum at international level. In addition, our curriculum provides numerous academic and career options for one's path to professionalism. Beside the academic opportunities at DIU, the students will also find a host of extracurricular activities to round out their collegiate experience and enrich their resume.

The university is new and we are trying our best to shape it as the best private university in Bangladesh. We witness a new and exciting beginning of endeavor amidst the boom of information technology to the way of fulfillment of our dream of a fully digital university. We are resolute to help more and more people to have strong interests in the new department and put greater role in the relevant fields for the wellbeing of the nation.

I wish every success of all students in their education and professional pursuits.

Md. Sabur Khan
Founder & Chairman
Board of Trustees
Daffodil International University

Message

from the Vice Chancellor

On behalf of Daffodil International University (DIU), I welcome you to consider DIU as your academic home. Established in January 2002, Daffodil International University (DIU) supports the development agenda of the Government. In line with the Government's Vision of "Digital Bangladesh", DIU is involved with technology in many ways. In addition to providing students with a free laptop, DIU's administrative activities are mostly computerized. For example, sitting at home, a student can view his/her results online, get all university notices and also participate in learning activities with other students and the teacher in a social media platform. DIU invites you to be part of this "digital" movement.

DIU encourages and supports the educational development of students throughout Bangladesh, in particular students from outside Dhaka and abroad. Currently, DIU hosts more than 75% students who come from these areas. Given the fact that the fees structure and fee waivers for good students are in the average range, many students are attracted to DIU. For meritorious students DIU offers fee waivers, scholarships and financial aid.

DIU is developing its teaching methodologies to offer students a "learning environment" rather than a "teacher oriented" top down approach. All new teachers joining undergo orientation from both local and international experts on developing "learner-centered" teaching methodologies. Students find these methods engaging and enjoy learning. Students are provided opportunities to develop good study skills, techniques to use the brain effectively and social skills from subjects like Art of Living, mind mapping and self-esteem development.

DIU is innovative in its approach to introducing state-of-the-art subject choices offered to students. For example, degrees include Bachelor's in Entrepreneurship as well as Bachelor's in Environmental Science and Disaster Management (ESDM). These kinds of degrees offer students a range of good career prospects both locally and globally. For example, the Bachelor's in Entrepreneurship helps a student to become a business leader while a degree in ESDM will allow a graduate to join the global movement of environment consciousness and sustainability.

For the students DIU has established a lush green campus at Ashulia. Students can enjoy the residential facilities and benefits of staying together in a hostel while doing their degree. To help our students grow and develop, DIU is constantly introducing new services and features.

To learn more about DIU, I invite you to visit our website at <http://www.daffodilvarsity.edu.bd>

I look forward to a bright future for you.

Professor Dr. Yousuf Mahbubul Islam

Message

from the Pro-Vice Chancellor

To meet the challenge of 21st Century in the field of Science & Technology, higher education as whole Daffodil International University has come up with high promising commitment for the fulfillment of its desire for ensuring quality education through excellent faculties with modern tools. The university makes all out efforts to explore & utilize the best service derived out of all the technological ideological and academic aspects of the society.

We are now able to offer different academic programs for the students of both undergraduate and post graduate levels under five faculties as Faculty of Business & Economics, Faculty of Science & Information Technology, Faculty of Humanities & Social Science, Faculty of Allied Health Sciences and Faculty of Engineering. The main motto of this university is to inspire the students to understand human being, the relationship, purpose of human life and values along with market demand. The vision is to educate the students based on the compelling truth to improve education for survival of human race. In this connection, Daffodil International University has already introduced a course on Art of living & Ethics.

The university is providing education in the disciplines that are indispensable for the new generation of graduates who need to face for proper positions in the highly competitive world. As the Pro-Vice Chancellor of this renowned university, I have no doubt in mind that we are moving towards to achieve our goal for building up an excellent "A" grade educational institution in the country. For this we are working in a team with the spirit of "Change Together program" for the fulfillment of quality education.

Both academic & administrative personalities are committed to render the best services for the production of best product. We are very much optimistic about tomorrows.

Prof. Dr. S. M. Mahbub-ul-Haque Majumder

Message

from the Treasurer

I am very pleased to say that Daffodil International University, since its inception in January 2002, has been able to become the largest private university in Bangladesh. DIU is a multifarious educational institution where quality education is ensured in all under graduate and post graduate programs. DIU is trying to implement the Governments vision of "Digital Bangladesh" by equipped our students with information technology.

The university offers Bachelors and Masters Programs in several areas under Faculty of Science & Information Technology (FSIT), Faculty of Engineering (FE), Faculty of Business & Economics (FBE), Faculty of Humanities & Social Science (FHSS) and Faculty of Allied Health Science (FAHS). DIU ensures experienced, highly educated, meritorious faculty as well as updated curriculum at international level. DIU ensured different facility for the benevolent of the students such as Free Laptop, Gymnasium, Play ground, Auditorium, Boys Hostel, Female Hostel, Media Lab, Different program lab, Credit transfer, Online payment etc.

Daffodil International University provides quality education of international standard with affordable cost including the course materials. The fee structure of this university is perhaps the lowest compared to the other private university of Bangladesh because most of our students are from rural areas as well as middle class family. DIU is only university in the country where you can continue your education along with your job, business, innovation and entrepreneurship. Recently we have introduced Bachelor of Entrepreneurship program for the students. The main objective of this program is to make our students as an entrepreneur those who will be the job provider rather job seeker.

I hope that after getting education at DIU, students will be able to play an important role in accelerating the rate of economic and social development of Bangladesh. I wish every success of all students in their educational and professional pursuits.

Message

from the Registrar

Daffodil International University (DIU), within a short span 15 years of its journey, has emerged as a remarkable name in higher education of Bangladesh and a thriving academic 'home' for hundreds of foreign students. Thousands of tertiary level students mainly from rural Bangladesh opt to get admitted into DIU to pursue their higher studies and job prospects in this forward-looking ICT oriented seat of learning in the country.

Undoubtedly, Daffodil International University is on course to achieve higher ranking regionally and globally with its educational and extra-curricular programs coupled with provisions for advanced technological facilities and infrastructure. Art of Living and a culture of human values are inculcated among students to enable them to cope with the ever-changing demands of the employers of the digitalized Bangladesh and the changed globalized world of today.

In this changed global society, we need to reconsider our views about guiding millions of young people of Bangladesh and boosting the huge potential they have to offer for the overall development of the nation and the world. These young and promising people of the country are looking for hope and aspiration to build a meaningful life for themselves and others. At Daffodil International University, these young people are in the hands of dedicated and competent teachers under the living care of the visionary Chairman Mr. Md. Sabur Khan. We appreciate with joy his recognition in the country as a successful entrepreneur and we acknowledge with respect the conferment of Honorary Doctorate Degree from around the world for his contributions in the field of education in Bangladesh and his noble endeavors for creating technology oriented skilled society and producing hundreds of entrepreneurs.

Now that Daffodil International University is more renowned than ever before and more luminous in globalized tertiary education; I would earnestly welcome students, academicians and researchers from home and abroad to come and join hands with our diverse academic and entrepreneurial programs to serve the nation and the humanity as a whole.

May DIU and all associated with this great institution prosper more and more.

(Professor Engr. A. K. M. Fazlul Hoque, Ph.D.)

Welcome Address

Emeritus Professor Daffodil International University

I am pleased to say that Daffodil International University, since its inception on January 24, 2002, has been able to establish this seat of learning as a distinguished landmark in higher education. Every great thing starts with small lay out but with big hearts drenched with lofty expectations. I feel worthy that among the dreamers of establishing a leading university, I myself was one. By now, we believe that our expectations and dreams have been fulfilled to a great extent. I could feel in my heart its growth, its fame and the pride with all the stake holders of this institution. I can assure my students, their parents and fellow countrymen that the education that our students will receive at Daffodil international University will transform them into highly qualified and skilled graduates who will be capable not only to contribute to improve socio-economic, technological and social conditions of the nation but also will be able to compete with other graduates in finding suitable places in the international job market.

Prof. Dr. Aminul Islam

Dean, Faculty of Science and Information Technology

It is well known that DIU is an IT based University where quality education is ensured in all Under-graduate and post-graduate programs. The Faculty of Science and Information Technology (FSIT) of DIU is academically very sound with respect to its lab facilities, libraries and internet connectivity. The academic programs are conducted by a group of very highly academic, talented and dedicated teachers, trained both at home and abroad. DIU always inspires the teachers for their research activities. As a result, students are being enriched with modern ideas and technology of research. Besides the degree programs, the students are also trained by professional training courses, co-curricular and extra-curricular activities conducted by a number of student clubs. By this time, DIU has already proved that it is a sit for higher education and learning and the graduates of this faculty have an excellent employment record.

Prof. Dr. S. M. Mahbub-ul-Haque Majumder

Dean, Faculty of Business & Economics (FBE)

The Faculty of Business & Economics (FBE) is a large department with more than 3000 students currently studying for BBA, MBA, B.Com (Hons.) BRE and THM programs. For BBA & MBA programs, a student can do major in a wide range of areas such as Finance, Marketing, Human Resource Management, Management Information System, Accounting, Banking, Real Estate, Textile & Apparel Management & Merchandising and so on. One of the special features of FBE is it has a blend of well-experienced teachers with foreign exposure, a galaxy of young, energetic faculty members, quite a good number of nationally and globally renowned teachers from Dhaka University, Bangladesh University of Engineering and Technology (BUET), and Jahangirnagar University who are passionately dedicated to teaching the students of FBE at DIU. In addition, quite a handful of legendary corporate personalities are also teaching DIU students and helping them gather practical knowledge about the corporate world. The FBE firmly believes that it will lead the next decade in higher education in business in Bangladesh by dint of its quality, innovation, the state-of-the-art technology, and student-centric as well as job-oriented education.

Professor Rafiqul Islam

Dean, Faculty of Engineering

We welcome you warmly to the Faculty of Engineering of Daffodil International University. Faculty of Engineering is capable for providing the engineering educational opportunities to a wider community both domestic and international sphere. The 'Faculty of Engineering' consists of Electrical & Electronics Engineering, Electronics & Telecommunication Engineering, Textile Engineering, Architecture and Civil Engineering (proposed) Departments. Besides the sufficient qualified and efficient teachers, the Faculty is operated by a well-structured administrative and technical staffs. The Faculty has taken initiative to produce job oriented engineers for the competitive job market. The Faculty is also rich with new ideas of research by a research network under a separate research fund. We are working to address the world where the expectations and demands for skilled engineering manpower are intensifying.

Professor Dr. M. Shamsul Alam

Dean, Faculty of Allied Health Sciences (FAHS)

Pharmacy, Nutrition and Food Engineering, Public Health are the three constituent departments of the Faculty of Allied Health Sciences (FAHS) of Daffodil International University (DIU). Comparatively being a new faculty, FAHS has come up as one of the most vibrant component of DIU with quite a good number of foreign students besides our own. The departments are being equipped with highly skilled man power as well as modern laboratories. In fact the graduates of this faculty have been contributing in all possible ways to cater the three basic needs of the society: Health, Food and Medicine. The department of Nutrition and Food Engineering (NFE) has established effective linkage with a number of foreign experts, agencies, and International Organizations to equip their students in every possible ways while department of Public Health (PH), having students from different disciplines of science and technology (Medical Doctors, Dentists, Nurses, Environmentalists, Chemical Engineers, etc) is working hard to keep the Public Health in a desirable state through their graduates engaged in different professions. The graduates of the department of Pharmacy are contributing significantly in many ways to cater the needs of the pharmaceutical sector of the country and the department has taken all preparations to open M. Pharm programme very soon.

All the faculty members and students of FAHS are working with full devotion and harmony towards a better future.

Prof. Dr. A. I. Mustafa

DIU Permanent Campus at Ashulia, Savar, Dhaka

About DIU

In an independent government assessment, Daffodil International University (DIU) has been recognized as one of top graded universities in Bangladesh. The university was founded by Daffodil Group with the approval of the Ministry of Education under the Private University Act of 1992 and its amendments in 1998. Daffodil International University came into being on 24th January 2002. The University today combines impressive modern facilities and a dynamic approach to teaching and research with its proud heritage of service and achievement.

To be among the very best in Bangladesh is the most challenging goal that has been set for the university. It is possible only through working to achieve the highest level of standards in curriculum, teaching, faculties and other activities that can realize the full potential of the academic community in Daffodil International University. The vision reflects the service to society. The mission is to pursue research, learning and teaching of international distinction for the benefit of nation.

Daffodil International University's mission is defined by its IT-based traditions of service and access. The University is serving the citizens of the country through its instructional, research and outreach programs and preparing Bangladesh to respond successfully to the challenges of global economy. The University is providing students broad access to the institution's educational resources. In the delivery of educational programs on campus and beyond, the University is drawing heavily upon the new instructional and outreach technologies available in the emerging information age.

So far the University pays the highest priority to resource allocation to graduate and post graduate education and for future development of those areas that represent the traditional strengths, quality, reputation, and uniqueness of the institution that continues to effectively respond to the needs of students and other constituents. Consistent with this commitment, the university is emphasizing high quality education including a comprehensive general education that imparts the broad knowledge, skills, and values so essential to educate responsible citizens as well as specialized career preparation for students. In establishing the primacy of education to the institutional mission, the University is assuring the continued strength of its faculty with the realization that the

quality of instruction is directly related to the quality of the University's faculty and the commitment of the faculty to excellence in education.

The University provides Masters programs in areas of need and importance to the state and beyond. Graduate programs offer students the opportunities for specialized advanced education in their chosen field and are equipped with important components of the services of the university. As research is essential to the mission of an IT-based university, Daffodil International University is preparing to develop its research programs. The primary focus of this research is to be directed to the solution of problems and the development of knowledge and technology important to the nation and to the quality of life of Bangladeshi citizens. The university's research programs are to be designed to make important contributions to instruc-

tional programs through the involvement of graduate and postgraduate students and the renewal of the faculty. Research will also provide the knowledge base for outreach programs.

Extension and outreach programs are fundamental to the IT-based mission because these programs somehow directly impinge on the lives of the entire world. The University is maintaining the strength of its traditional outreach programs and increasingly involving itself in broader outreach programs that respond to the changing needs of the society we live in. The university is continuing to seek new and innovative ways to reach out to the people it serves

Daffodil International University is committed to excellence in teaching at both the undergraduate and the masters level. This commitment has been reflected in the diversity of course offerings and in the variety of

DIU 7th Convocation

instructional approaches and increasingly electronic technology is providing instructors with innovative and creative teaching strategies. The high academic aptitude of the university's incoming students also makes accelerated learning possible.

DIU offers bachelor degrees in different disciplines and provides the country's highly supported programs in many fields, including IT, Telecommunications, Engineering and Business. Particularly strong programs can be found in the Faculty of Business and Economics and the Faculty of Science and Information Technology.

Research is the means through which new knowledge is created and new information is developed. As such, research at Daffodil International University is an essential link in its three-prong mission of instruction, research and outreach. Successes among the varied research activities within each of its students and teachers continue to bolster DIU among the nation's top universities. Additionally, major efforts to increase the protection and commercialization of intellectual properties are central to DIU's continual drive for improvements in its committed mission.

These efforts contribute to a teaching environment that enhances the country's economic, cultural, social and intellectual development and at the same time, undergirds the university's undergraduate, masters and outreach programs. DIU emphasizes and encourages females to enroll for higher education. Our faculties present cutting-edge instruction in a personable setting, taking into account many career challenges that women face in today's society. Female graduates of the Daffodil International University are to be prepared for leadership roles in an ever changing world.

This is a noticeable encouragement for the university to observe its rapid growth. The university started with 67 students registering in the first batch and within eleven years more than 20,000 students have been enrolled. DIU is committed in providing high standard education with all sorts of facilities to the students. Since the inception, the university has been maintaining the commitment and it creates inspiration to the students and this is the key to the continuous increase in the number of students.

Vision

Daffodil International University emerged as one of the prominent IT-based universities in Bangladesh. The university is widely recognized for the quality of its Bachelor and Masters programs. The effectiveness of its research and outreach programs and broad access to the university provided information technology. The university ensures the quality of its programs through careful focusing on its resources in areas of institutional strength. One glorious feature that remains unchanged is the intangible quality of Daffodil men and women called "Daffodil Spirit".

Mission

Daffodil International University's mission is to prepare broadly educated, technologically proficient and highly productive citizens to attain meaningful careers, to enjoy enriched lives, and to make contributions to the nation. The university is achieving its mission by providing:

- An excellent student-centered learning environment
- Professionally accomplished faculty who are strongly committed to student's learning;
- High-quality integrated, interdependent programs that build upon the country's assets and offer a broad range of choices;

- Exceptional student support services, resources and facilities; Its mission also includes:
- To stimulate search for knowledge;
- To encourage Inquiry across the traditional academic disciplines;
- To promote opportunity for students to develop as creative independent thinkers and leaders; and
- To foster a campus community characterized by mutual compassion, respect, ethical concern, and social responsibility.

Education system

The education system of this university is based on international education method such as USA, UK and so on. The academic year has three semesters- Spring, Summer and Fall. The undergraduate degree is of four years duration. In every semesters students take assigned courses. Each course is consisting of 3 or 4 credits. Students have to complete successfully certain credits definite for each program and degree requirements to obtain the degree with minimum CGPA 2.50. Initially the university started with Bachelor programs only and now it is offering Masters program as well. Masters programs are of one or two years. The university offers some special courses, diploma and certificate courses for the professional workers. Diploma holders with outstanding result have opportunities for higher studies in any local or foreign universities. The medium of instruction of this university is English.

▶ Laptop Distribution Ceremony

Objectives

The specific objectives of Daffodil International University are as follows:

- An Information Technology & Business Education based University in Bangladesh which facilitates our students to have access to International job market in Computer and IT fields directly.
- Establish and run the university to provide Global Standard Education (GSE) in Bangladesh.
- Develop the degrees of the university up to GSE level in accreditation of internationally recognized accreditation bodies like ACBSP, AACSB and to establish our degrees equivalent to the degrees of US universities through World Education Services (WES).
- Providing high quality education for development of human resource having the competence for the contemporary world market.
- Conduct and support research for advancement of knowledge and socio-economic development of the country through the application of technology.
- Contribute to moral and ethical development of the common people for creating a society, which is free from corruption and enduring and respectful to each other for co-existence in peace and harmony with good environment in society.
- Creating congenial academic environment for the youth, which is free from political and other disturbances for their intellectual advancement.
- Creating an opportunity for having education for all groups of people in the country including general people, rural, urban and fresh students as job holders through the campus, online and distance learning education.
- Develop and train students to meet the increasingly growing demand for efficient marketing executives and IT personnel in Bangladesh.
- Research and Monitoring Team (RMT) is engaged in new developments in education in developed countries to identify the trend of updating the standard of education.

Key Points of DIU

Daffodil International University is:

- A leading Bangladeshi university with international facilities for quality teaching.
- A university with rich and fully automated library.
- A university with adequate laboratory facilities; there are twelve different categories of lab allocation for FSIT.
- A university with a full-fledged research center in the FBE.
- A university with opportunities for higher study in Europe, Australia and North America.
- A concerned university; the career development center of DIU is providing job and internship for its students.
- A professional university with close links to industry and Business organizations.
- An attractive university; the main campus has an excellent architectural design.
- A safe and supportive university with attractive services and attention to special needs.
- A university with outstanding social, cultural and sports, Canteen, Gymnasium, Medical Center, Hostel facilities for students.

Campuses

City Campuses

The main campus of the university is at 102 Shukrabad, Dhaka- 1207. This is a seven storied building with all modern facilities. This campus accommodates Faculty of Science & Information Technology. The administrative section of the university is at 102/1, Shukrabad, Dhanmondi, Dhaka-1207. The Faculties of Business and Economics and Humanities and Social Science are at 4/2 Shobhanbag, Dhanmondi, Dhaka-1207. Part of Textile Engineering department is at 3/3, Block- A, Lalmatia, Dhaka- 1207. In addition, Uttara Campus located at House-04 and 06, Road-07, Sector 03, Uttara Model Town, Uttara, Dhaka-1230 accommodates business and other students.

Campus Location

The location of the main campus of university is on Mirpur Road and opposite of Dhanmondi and adjacent to the crossing of Panthopath and Road # 32 of Dhanmondi. This is a central point of Dhaka City. The location is easily accessible from any part of the Dhaka City. All sorts of transports like bus, auto rickshaw, rickshaw etc are available from the location and towards the location. The university campus is situated at the heart of Dhaka. The wonderful Dhanmondi Lake is within a few yards; the eye-catching parliament buildings are surrounded by a lot of shopping malls.

Permanent Campus

Daffodil International University (DIU) had a long cherished dream to establish a permanent campus with all modern and latest educational facilities. The seed of dream had been sown when on June 20, 2010 DIU initially purchased 12 Acres of land at Ashulia Sarnali Project (near Uttara), Savar, Dhaka for building its own permanent campus. The seed of dream had started to sprout on 10th February 2011, one of the historic days for DIU, when all of the DIU members visited the permanent campus by as many as 110 buses.

Professor Nazrul Islam, Honorable Chairman, UGC laid the foundation-stone on that day which actually commenced the construction work of the much-awaited permanent campus of DIU.

The permanent campus project is on progress and will be implemented in four phases and it will have individual Faculty and Administrative infrastructure, Residential Hall, Library, Cafeteria, TSC, Auditorium, Play ground, Swimming Pool, Mosque, Gymnasium, departmental faculties and an ICT centre. The permanent campus will be consisting of modern facilities for lectures, meetings, group activities, student organizations and religious festivals. It will fully be equipped with medical facilities, science laboratories and performance spaces and many more.

DIU envisages turning the campus a 100% Fiber Optic Network and Wifi enabled. For ensuring all sorts of facilities there will be on-campus shopping facility which will be run only by students so that they may avail themselves of part time job and earn money while studying. Residential halls will also be constructed for students. Within four years, DIU will start some, if not all, departments in the new location.

It has separate academic and administrative infrastructures and residential halls. Mega events are held on a regular basis. Students in this campus have recently launched a Green Movement for keeping this campus free from all sorts of pollutions. Bio Gas plant, massive plantation, deer feeding, solar energy infrastructure and a large cycling track are some of the features of green movement of DIU.

A 6000-seat auditorium with all modern facilities, a 100-seat mini hall with electronic writing board, Media Lab, Mobile Apps Development Research Lab and an Innovation Lab, facilities for indoor games, Lounges, Digital classrooms, Gymnasium, Medical Center, Café, Large transport pool, Standard Football and cricket grounds, English language lab, MCT Lab, Golf drive & practice range and a Startup market have made this campus an attractive location for education and recreation for all.

A rich library with a huge collection of books, e-books, journals and e-journals, computer labs, science labs, textile labs, a lucrative auditorium and many more.

DIU Permanent campus is approximately 25 minutes way from the city nucleus. Four routes can be used for this location through- 1) Gaabtolli i.e Dhaka-Aricha highway, 2) Uttara i.e Airport Road, 3) Mazar road, Mirpur, and 4) Rokeya Sarani, Mirpur. The present running buildings, owned by DIU, will be dubbed as City Campuses where all facilities will also exist. DIU Transport System will ensure movement of the students and teachers between the City and Permanent campuses.

The master plan for the campus has been designed by an internationally renowned architectural firm. Some parts of the campus has already been completed. When built fully, the campus will be with a world-class facility, ensuring quality education, security, peace and comfort.

DIU achieved 1st position in the online voting survey contest.

Web Popularity Ranking 2009.

DIU became 6th among all private and public Universities of Bangladesh based on web popularity ranking 2009. -assessed by 4 International College and University (4icu.org)

Amity Global Academic Excellence Award

DIU was awarded Amity Global Academic Excellence Award. The Award was given on 22nd February 2012 during the Inaugural Function of 14th International Business Horizon-INBUSH 2012 held from 22nd-24th February 2012. "Building Spiritual Quotient, Emotional Quotient & Human Quotient along with Physical Quotient is Essential for Creating World-Class Global Organizations" was the focus.

World Quality Commitment Award-2010

DIU is the first ever university in Bangladesh to achieve the rare honor of World Quality Commitment Award-2010

WITSA 2014 Global ICT Excellence Award

Daffodil International University (DIU) has been honored with WITSA 2014 Global ICT Excellence Award in Merit category. World Information Technology and Services Alliance (WITSA), the largest international ICT organization has conferred this award to DIU for setting an standard as the Digitized University in Bangladesh. DIU is the first ever university in Bangladesh to win such prestigious award which is said worldwide as the Nobel award for ICT sector.

Global Presence & International Affairs

DIU Regional Offices: New Opportunities Unleashed

Since its beginning, the dreamers and the thought tank of DIU give priority on the students' benefit to their maximum. DIU wants its students to create a wide range of strong network with all key education providers throughout the world. With a view to launching its activities more elaborately abroad, DIU setting up its regional offices in different countries including Dubai, Malaysia, UK, USA and Australia very soon. These international bonds will obviously create more value for DIU in the coming days.

International Students at DIU: Harmony with Standard

Great numbers of International students are being attracted by the market-oriented, practical, world-standard, communicative education system, reliable mentor-ship, transparent accountability, friendly interaction and congenial environment of DIU in every semester. Some students from Turkey, Nepal, Korea, Indonesia, Nigeria and Senegal have already taken admission in DIU.

International Staff

DIU actively recruits talented staff from around the world and currently employs more than 10 staff worldwide.

International Collaboration and Linkage Program

DIU has collaboration and linkage programs with the 300 prestigious universities of USA, UK, New Zealand, Ireland, Australia, Malaysia, Sweden, Hungary, Paraguay, China, India, Malaysia, Korea, Philippines, Iraq, Indonesia, Vietnam, Cambodia, Palestine, Turkey, Thailand, Iran, Mongolia, Lithuania, Somalia.

International Alumni

The university has established an alumni network for its graduates, with many working in leadership positions around the world.

SCHOLARSHIP

The principle of DIU scholarship is providing financial assistance to those students who might otherwise be unable to obtain a university education and attract talented students into the higher education sector and to reward and recognize greater scholastic performance in exams. The scholarships are renewable up through the fourth academic years.

General FEATURE

▶ Delegation team from Bangkok University visited DIU headed by its President

Aims of Higher Education

The university is meant to provide education to its students to prepare them for the responsibilities of being administrators, entrepreneurs, teachers and professionals. It is the gateway to higher research and implementation of new technologies and ideas. In a world that is increasingly becoming more and more dependent on information, it is the universities that can play key roles in making sure that students understand the advancement of knowledge and can acquire this knowledge and utilise it in their work for the development of the country.

Universities themselves can serve as the dynamic institutes that can generate new technologies and knowledge necessary for the transformation of a society. In low and middle income countries investment in higher education can lead to social returns of 10% by some estimates, which in turn means that these investments lead to increase in labour productivity and higher long term growth.

Degrees Awarded by DIU

DIU offers degrees in all branches of Business & Economics and Science & Information Technology. Degrees are awarded at the undergraduate as well as graduate level. The university is offering four-year Bachelor's degree and one-year Master's degree in a number of programs. As the university grows and an institutional capacity is built up, the degrees are being awarded in a larger number of disciplines.

DIU is offering different programs under the Faculty of Business & Economics, Faculty of Science & Information Technology and the Faculty of Humanities and Social Science. DIU wants quality students to get admitted here who have successfully completed their primary and secondary education i.e SSC & HSC or equivalent.

Students who are in the process of taking their A-levels can also apply depending on their results in those examinations and the SAT achievement examinations. The university may require these students to take some extra courses in order to fulfill their requirements. Students who have passed the American High School Examination and the International undergraduate examinations are also eligible for admission.

Advising, Internships, Daffodil Network and Link Programs

When students first join the university, they will be assigned a freshman advisor who will help them in choosing their courses for the first year. In their sophomore year, students will seek an adviser who will then be responsible for guiding their choice of course. Students will develop the direction of their study in consultation with their adviser.

A feature of the university is internship programs that expose students to work settings in industry and development. Given Daffodil's wide range of development activities and wide network of its offices and training centers around the country, it is possible for students to work all around the country and study different aspects of these areas.

The university has linkage program with educational institutions both inside and outside of Bangladesh. As mentioned before Daffodil itself has collaborated with many research organizations and educational institutions at home and abroad. The university already established some linkage programs with different universities of different countries like USA, UK, Sweden, Canada, Australia, New Zealand, China, India and Malaysia. It is helping the students of DIU to transfer the credits to those universities and making a partnership in the form of collaboration and research between DIU and the university concerned.

Naming and Numbering the Courses

Credit hours are calculated on time basis of a 15-week semester. One credit means that the course meets for once a week (50 minutes period). 3 credit means that the course would meet for three times per week (50 minutes each period). Laboratory courses of three credits would meet the equivalent of three times per week (110 minutes each period).

Campus Based Instruction

Campus based instructional mode is to follow the usual practice of classroom lectures and interactions, practical exercises, assignments and class room tests. This is in line with a full credit hour system. In this connection, a reasonable emphasis is given on participation in the class, participation in practical works at field level, completing assignments and appearing in the class tests

 MOU between VIT University, Vellore, India and DIU

 Esteemed Professors of the Daffodil International University

Faculty And Resource Persons

DIU employs well qualified faculty and persons of resource for its educational purposes from local and foreign countries as per the rules and regulations for campus based education. Both full-time and part-time faculty members are appointed. The experience of the distance learning education in the present world suggests, however, that its faculty may be in a location far from the venue of the institution that provides distance education, since regular classroom instruction is not required in this mode of education. This is an additional advantage since it provides the flexibility to choose well-qualified and experienced faculty from different places locally and internationally.

Curriculum Content and Evaluation

Curricula are central to the implementation of degree programs. Creating and delivering high quality curricula requires planning and evaluation. Similar academic objectives may be achieved through curricula with different structures and approaches. Undergraduate IT & Business curricula provide a broad context within which education for business is set. These curricula combine general education and basic study of IT & Business.

Master's curricula in IT & Business provide a distinctly professional perspective. Master's of Business Administration (MBA) degree programs prepare students with a general managerial perspective. IT Specialized Master's curricula prepare students who seek specialized role in IT & Business, IT based Business management and related professions.

Curriculum

The curricula for the Daffodil International University have evolved in order to respond to the demand of the time. However the curriculum has been developed as broad based, relevant to Bangladesh, with the help of experts in relevant fields.

English Language and Literature

The study of English is extremely important for global significance as an international medium of communication. English is a language that is widely used in South Asia and a rich volume of English is being written by South Asian authors. In the context of Bangladesh, English is crucial for keeping in touch with advances in science and technology in the world.

Faculty Instructional Responsibilities

The faculty are responsible for:

- Effective creation and delivery of instruction.
- Evaluation of instructional effectiveness and students' achievement.
- Continual improvement of instructional programs.
- Innovation in instructional processes.
- Ensuring updated information in their instructional fields.
- Delivery of effective instruction.
- Accessibility to students' consistency with the school's expectations.

▶ DIU is the pioneer and the only private university in Bangladesh that conferred D.Litt. Honoris Causa to Dr. Achyuta Samanta, founder and Chancellor of KIIT University and KISS, India in its 4th Convocation.

Students

A direct link exists between university's missions and the characteristics of the students served by the educational programs. Thus, the program designing and the student selection are interdependent processes. Careful planning and execution of these courses are important.

Student Selection

DIU selects students consistent with its mission. It demonstrates continuous efforts to achieve demographic diversity in its student's enrollment. Retention policies for undergraduate students are consistent with an objective of producing high quality graduates.

▶ MOU between Open University, Malaysia and DIU

Intellectual Contributions

Producing intellectual contributions represents a core set of responsibilities of higher education for IT & Business sectors. Such contributions improve management theory and practice and support the present and future quality of instruction in all divisions.

A wide variety of intellectual contributions is appropriated in academic instructions. For the purposes of this standard, contributions have been grouped as follows: Basic scholarship, applied scholarship and instructional development.

The University's mission influences the relative emphasis among the types of intellectual contributions.

The university has some of the intellectual contributions on a continual principles basic appropriate to the university's mission. The outputs from intellectual contributions are available for public scrutiny by academic peers or practitioners.

ASOCIO delegates headed by its Chairman visited DIU

The Credit Hour System

The academic system of study at DIU is based on credit hours. A credit hour normally represents one theoretical hour a week. Three credit hours means the course will be taught weekly three hours i.e three classes in a week for a particular course. The study spans over three academic semesters, each consists of 14-15 weeks.

CONVOICATIONS

Convocation is a solemn, sacred and purposeful function and should have the pride of place over similar ceremonial institutions. The Convocation does not belong to any particular individual or group nor is it meant for the graduates, the Chancellor and the Vice Chancellor, the Deans and the teachers alone but the nation at large, conceived and permeated as it is, with a high sense of national purpose and prestige. And, for a University it is its very soul, without it a University loses its moorings.

Daffodil International University (DIU) held seven convocations since its inception to confer degrees on the students of different programs who have completed their academic degree requirements successfully. This is undoubtedly a great accomplishment for the graduating students, their proud parents, the faculty and the management of the University.

The Seventh convocation of DIU was held on 10th January 2018 at Ashulia Permanent Campus, Datta Para, Chou Baria, Ashulia Model Town, Savar, (near Uttara), Dhaka amidst joy and gravity. Mr. Nurul Islam Nahid, MP, Honorable Ministry, Ministry of Education, Government of the People's Republic of Bangladesh was present as the Chief Guest. Dr. Kakha Shenglia, President International Association of University Presidents (IAUP) attended the convocation as the Convocation Speaker. In the 7th convocation a total 3,491 students were conferred upon graduation and post graduation degrees and among them 15 best result oriented graduates were awarded 'Gold Medal' in different categories.

The Sixth convocation of DIU was held on 22th February, 2017 Ashulia Permanent Campus, Datta Para, Chou Baria, Ashulia Model Town, Savar, (near Uttara), Dhaka amidst joy and gravity. Mr. Nurul Islam Nahid, MP, Honorable Ministry, Ministry of Education, Government of the People's Republic of Bangladesh was present as the Chief Guest. Dr. G. VISWANATHAN, Founder & Chancellor, VIT University, Former Member of Parliament, Former Minister, Govt. of Tamil Nadu, President, Education Promotion Society for India, New Delhi was the convocation speaker. 33473 graduates were conferred degrees in this sacred occasion.

The Fifth convocation of DIU was held on 13th January 2016 at Ashulia Permanent Campus, Datta Para, Chou Baria, Ashulia Model Town, Savar, (near Uttara), Dhaka amidst joy and gravity. Mr. Nurul Islam Nahid, MP, Honorable Ministry, Ministry of Education, Government of the People's Republic of Bangladesh was present as the Chief Guest. Syed Faizuddin Putra Ibne Tuanku Syed Sirajuddin Jamalullail, The Crown Prince of Perlis, Malaysia attended the convocation as the Convocation Speaker. In the 4th convocation a total 3,684 students were conferred upon graduation and post graduation degrees and among them 15 best result oriented graduates were awarded 'Gold Medal' in different categories.

DIU 7th Convocation

DIU 6th Convocation

DIU 5th Convocation

DIU 3rd Convocation

The fourth convocation of DIU was held on 6th March 2014 at Ashulia Permanent Campus, Datta Para, Chou Baria, Ashulia Model Town, Savar, (near Uttara), Dhaka amidst joy and gravity. Mr. Nurul Islam Nahid, MP, Honorable Ministry, Ministry of Education, Government of the People's Republic of Bangladesh was present as the Chief Guest. Dr. Achyuta Samanata, an internationally acknowledged social worker and Founder of Kalinga Institute of Social Sciences (KISS), KIMS and KIIT University of India attended the convocation as the Convocation Speaker. DIU conferred Honorary D. Litt. (Honoris Causa) to Dr. Achyuta Samanata which is for the first time in the history of private universities of Bangladesh. In the 4th convocation a total 3,252 students were conferred upon graduation and post graduation degrees and among them 15 best result oriented graduates were awarded 'Gold Medal' in different categories.

The third convocation of DIU was held on 26th February 2012 at BICC, Dhaka amidst joy and solemnity. Honorable President of the People's Republic of Bangladesh and Chancellor of Daffodil International University, His Excellency, Md. Zillur Rahman, Hon'ble President, People's Republic of Bangladesh presided over the convocation ceremony and conferred degrees on the graduating students of DIU. Shri Bratya Basu, Hon'ble Minister-in-Charge, School Education Department & Higher Education Department, West Bengal, India was the convocation speaker. Among other internal and external delegates, Mr. Nurul Islam Nahid, MP, honorable Minister, Ministry of Education, Government of the People's Republic of Bangladesh was also present. 3221 graduates were conferred degrees in this sacred occasion.

The second convocation of Daffodil International University was held on 26 May, 2008, in Bangladesh-China International Conference Center. Honorable President of the People's Republic of Bangladesh and Chancellor of Daffodil International University, His Excellency, Professor Dr. Iajuddin Ahmed presided over the convocation ceremony and conferred degrees on the graduating students of DIU. Justice Mustafa Kamal, Former Chief Justice of Bangladesh, was the Convocation Speaker. 744 graduates were awarded degrees in this consecrated occasion.

The First convocation of the university was held on 24 May 2006, in Bangladesh-China International Conference Center. Honorable President of the People's Republic of Bangladesh and Chancellor of Daffodil International University, His Excellency, Professor Dr. Iajuddin Ahmed presided over the convocation ceremony and conferred degrees on the graduating students of DIU. Ms. Hua Du, Country Director, Asian Development Bank was the Convocation Speaker. Among other internal and external delegates, Dr. M. Osman Farruk, MP, honorable Minister, Ministry of Education, Government of the People's Republic of Bangladesh was also present. The number of graduates who were conferred degrees was 275.

All Convocations were attended by gatherings of a galaxy of distinguished guests, professors from various public and private universities, faculty members, officers, families and friends of the graduating students of that particular time span.

Academic Rules And

REGULATIONS

Semester Schedule

Semester	Activity Description	Date
Spring	Advising and Registration	January 1-7
	Class Starts	January 8
	Final Examination	April 15-24
	Semester Break	April 25-May 1
Summer	Advising and Registration	May 2-7
	Class Starts	May 8
	Final Examination	August 15-24
	Semester Break	August 25-31
Fall	Advising and Registration	September 1-7
	Class Starts	September 8
	Final Examination	December 15-24
	Semester Break	December 25-31

Registration:

Students are required to complete their registration formalities within the duration announced by the university. After consulting their course advisors, students must register themselves in courses which they decide to take in each semester. Students have to pay late fee of Tk. 500/- for late registration and Tk. 200/- for late installment payments before examinations.

If any student decides not to register for next semester(s), he/she has to inform the university well ahead of the start of a semester by using a specified form which is available in ERP software. On failure of informing through proper process, a student will have to pay Tk. 1,000/- (Taka one thousand) as compensation per semester during the time of his/her next registration for a semester.

Registration Procedure:

For doing registration the student has to pay the registration fees and previous dues (if there is any) to the accounts section to get an account's clearance for registration.

The student will meet the course advisor and with the consent of the advisor write the name of the course(s) he/she intends to take for the semester.

The course advisor makes the input for the selected courses in the ERP system for next four months.

Transfer from other University

Students meeting the minimum admission requirements and with good academic result from other recognized universities can transfer their completed credits (with at least grade B or 70% marks in each course) to DIU. The student should submit a transcript provided by the university he/she is transferring from along with an application to the Program Coordinator/Head of the department/ Dean of the faculty for accreditation. Their transcripts of records must match the course(s) they are transferring to DIU and are also taught at the University. There is an equivalence committee in each faculty. This committee decides and approves which courses will be exempted or how many credits will be accepted.

The student should not have been expelled for disciplinary reasons from the university he/she is transferring from.

Admission of International Students

International students meeting equivalent admission qualifications are eligible for admission as regular students or as special students for a part of the duration and may acquire transfer credits. In case of the latter, the recommended minimum duration of residence in the first year and the second year is one semester. The University may enrol foreign students under an exchange program established between DIU and students' concerned University. Admission is also open to all who wish to pursue courses or a course as a non-degree student to improve knowledge or acquire new skills. Students are also admitted for specific certificate or diploma courses.

 DIU Winter Camp 2018 for SIAS, China Students

Attendance

Attendance is regarded as a part of the course requirements. The expected attendance is 90 percent of classes held. A student may be debarred from appearing at the course final examination if his/her attendance falls below 75 percent. Students are given marks on class attendance.

Drop/Add Procedure

Course add/drop is allowed on or before the date of late registration. Within this period students can add/drop course with the consent of course advisor which is finally approved by the Head of the Department. In case of adding course, at first the advisor makes sure that space is available in that course. No add/drop courses are allowed after the last date of late registration except some special cases with valid reason but no tuition fee refund will be provided and the student will also have to pay full tuition and other fees when he/she will register that course(s) in the next Semester. No grade shall be shown in the 'Academic Transcript/Grade Report' for dropped course(s) but 'W' shall be shown for the withdrawn Course(s) in the 'Academic Transcript/Grade Report'. However, 'W' will not be incorporated while calculating GPA and CGPA. If the last day of the first two-weeks from the commencement of a Semester or, if the last day of the consecutive two weeks after the first two-weeks from the commencement of a Semester falls on Friday/Holiday, the students will have to apply on the day before that particular Friday/Holiday for availing opportunities mentioned above.

Selecting the Major

The students are advised to choose their major no later than the first semester of third year. Before going to choose the major they should try to complete all the courses of 2nd year level and take the opinion of the Academic Advisor.

Student Dismissal

Students are dismissed from the program at failure to make satisfactory academic progress. Students failing to maintain the required CGPA (2.0) in two consecutive semesters will be dropped out of the program. Students dropped out of the program may appeal to the Dean/ Head of the Department/Coordinator for re-admission. Re-admission will not be granted without strong evidence of significant change in student's ability to complete the requirements satisfactorily.

Teaching Method and Medium

The University follows modern teaching methods including class lectures, interactive discussion, simulation, lab work, case analysis, and field study. A special feature of Daffodil International University teaching is the tutorial/workshop/lab sessions designed to assist students in learning application of concepts and theories. The medium of instruction at Daffodil International University is English.

Additional Facilities for Weak Students

Many students joining the University may be coming from Bangla medium colleges and therefore would have to adjust with English as the medium of instruction. They may be asked to attend English courses rigorously and special English course in Summer Semester or any other time preceding the semester in which they take regular courses. Similarly, students from non-science background or who are weak in Mathematics may be asked to attend a remedial course in Mathematics.

Recognition of Outstanding Performance

A full-time student securing GPA 3.75 at the end of a regular semester will be included in the Dean's Honor List and for maintaining CGPA 3.75 in successive 3rd and 4th semesters, he/she will be placed in the VC's Honor List. A student in the VC's Honor List will be given individual citation. Students passed with CGPA 3.9 will receive Chancellor Award.

Grading and Performance Evaluation process

The final grade in each course will be given on the basis of the performance in class attendance, quizzes, assignments presentation, midterm test, and final examination as indicated below:

Class Attendance	7%
3 Quizzes	15%
Assignment + Class Presentation	13%
Midterm Tests	25%
Semester Final Examination	40%
Total	100%

A student may earn any of the five-letter grades on the basis of his/her performance in a course. The letter grades A+ to D are considered passing grades. Grade F is the failing grade. The numerical equivalents of the grades and grade points are given below:

Numerical Grade	Letter Grade	Grade Point
80% and Above	A+	4.00
75% to less than 80%	A	3.75
70% to less than 75%	A-	3.50
65% to less than 70%	B+	3.25
60% to less than 65%	B	3.00
55% to less than 60%	B-	2.75
50% to less than 55%	C+	2.50
45% to less than 50%	C	2.25
40% to less than 45%	D	2.00
Less than 40%	F	0.00
Incomplete	I	

Academic Probation

A student must maintain a good academic standing with a CGPA of at least 2.00. Students with CGPA of less than 2.00 will be placed on probation. Students on probation will be allowed a maximum of three semesters to earn CGPA 2.00 or more, failing of which will result in dismissal from the program.

Retake Policy

A course passed with a grade less than B, may be repeated to improve the relevant grade. When a course is repeated, the previous grade will be automatically cancelled. Students, failing in a course, will be allowed to repeat that course maximum twice, on payment of course fee.

Appeal for Grade

A student, not satisfied with the grade in any course, may appeal to the course teacher. But if the grade is not improved and at the same time, the student is not satisfied with the explanation of the teacher concerned, s/he may make a written appeal to the Head of the Department or Dean of the Faculty. The Head/Dean will review the process by which the grade was determined. After having the grade or answer script rechecked, the revised final grade will be delivered. These procedures must take place within two weeks after the grade was first published. Before making an appeal, the student will have to make a payment of fee as determined by the University authority.

Grade Report

Each student's grade point average is numerical value obtained by dividing the total grade points earned by the credits attempted. Only the courses graded A+, A, A-, B+, B, B-, C+, C, D and F are used to determine credit attempted. In case students repeat courses, GPA and CGPA will be calculated on the basis of the grades obtained at the last attempt of the course (S) only. Grades obtained in course (s) in all examinations will be shown in the grade report.

In addition, students who complete courses in addition to their normal credit requirements for graduation will inform the Registrar in writing about the course, which he/she intends to declare for consideration towards the requirements for the degree

The Incomplete

The 'Incomplete' (I) grade is used in special circumstances. The 'Incomplete' may be given only at the end of a semester to a student who has completed all other requirements except the final examination. The student has the responsibility to take the initiative for making up the Incomplete as specified by the instructor. If action is not taken within three weeks of commencement of the next semester, the I grade will automatically be converted into "F". In the event, where the instructor from whom a student received an incomplete grade is not available, the disposition of the case-involving grade rests with the Dean of Faculties.

 Freshers Orientation

Academic Rules

- ▶ Students must have to display their ID Cards while entering the University Campus, Library and Laboratories.
- ▶ If a student fails to sit for the midterm test for unavoidable reason(s), s/he will get opportunity to sit for the missed examination on payment of 20% tuition fee (not less than Tk 500) of the relevant course.
- ▶ Students willing to retake final examinations will have to apply within two weeks of the publication of the Semester Final Results. Retaking will be held within one-month from the commencement of a new semester.
- ▶ In case of retaking Final Examination of the Incomplete Course (I) or retaking Final Examination for Improvement, a student will have to pay 40% tuition fee of the concerned Course.
- ▶ In case of retaking a course, a student will have to pay full tuition fee of the concerned course. A course, passed with a grade less than B, may be repeated to improve the relevant grade. When a course is repeated, the previous grade will be automatically cancelled. Students, failing in a course will be allowed to repeat that course not more than twice on payment of course fee.
- ▶ Free transcripts will be provided for the students & graduates once in January every year, at the end of three semesters.
- ▶ For meeting emergency needs, 'Official Transcripts' will be provided to a student on payment of fees.

Code of Conduct for the students

DIU is committed to maintaining proper academic environment in its premises. Students are expected, as enlightened members of the society, to be of good moral character and decent conduct. They should strictly observe the university rules of discipline, maintain honesty and punctuality and have respect for the right of others within the premises. Willful violation of these rules seriously destabilizes the academic environment and undermines the efforts of the University to impart high quality education. Followings are the areas of misconduct:

Academic Misconduct

- Cheating in the examinations by any method or means.
- Helping other students to cheat in the examinations.
- Reproducing the work of others as one's own work.
- Fabrication or the falsification of any information with the intent to deceive.
- Forgery, alteration or abuse of university documents, records and identity cards.

Social Misconduct

- Abusive or disorderly conduct.
- Verbal, mental, physical or sexual harassment.
- Physical assault in any form.
- Direct/ indirect threats of violence.
- Participation in any activity that may disrupt any function of the University.

Theft

- Theft or misappropriation of university properties and materials Possessions of stolen university property.

Disobedience to Lawful Authority

- Disobedience, interference, resistance or failure to comply with the direction of an authorized university personnel on duty. Unauthorized entry.

Property Damage

- Willful damage or destruction of any property of the university.

Dangers to Health and Safety

- Smoking inside university campus.
- Possession, buying and selling or use of alcohol and drugs or any other illegal and objectionable items.

Use of Cell Phone

- All students must keep their cell phones switched off inside the class room.

Penalties for Misconduct

The following penalties and sanctions will be imposed on a student for violation of the code of conduct of the University.

- Cancellations of facilities (waiver, laptop etc.)
- Warning in the form of written or verbal notice
- Cancellation of an examination and/or an assignment.
- Expulsion for one or more semesters.
- Expulsion from the university for life.

Rules Regarding Examination

- ▶ If a student copies or tries to copy from any written source(s), s/he will be expelled from the course and s/he will receive "F" grade in the concerned course.
- ▶ If any student brings written examination script/page(s) from outside the examination hall, s/he will be expelled from the University for three consecutive semesters.
- ▶ If any student gets help or tries to get help from fellow student(s), s/he will be given warning only twice. Even after that if s/he repeats the same, s/he should be expelled from the course and will receive "F" grade in the concerned course.
- ▶ If any student helps or tries to help other student(s) in the examination, s/he should be given warning only twice. Even after that if s/he repeats same offence, s/he will be expelled from the course and will receive "F" grade in the concerned course.
- ▶ If any student brings any written/copied/recorded materials into examination hall, s/he will be expelled from the course and will receive "F" grade in the concerned course.
- ▶ If the cell phone of any student is not switched off in any class, s/he will be expelled from the class.
- ▶ Students without Admit Cards will not be allowed to sit for any examination. In special cases, this may be relaxed with permission from the concerned authority, Head/Dean/Chairman of the Examination Committee.
- ▶ If any student writes anything on the walls, desks, rulers, admit cards, or in any other places s/he will be expelled from the course and s/he will receive "F" grade in the course.
- ▶ Students shall not leave the examination hall before one hour has passed.
- ▶ Not more than one student is allowed to go outside the examination hall at a time.
- ▶ Students must sign in the attendance sheet before leaving the examination hall.
- ▶ Nobody will be allowed to enter the examination hall more than half an hour after the examination has started.
- ▶ Students may use additional answer sheet if needed, but s/he must write his/her ID number and other particulars clearly and get them attached with the original answer scripts, signed by the invigilator.

Disciplinary Procedure

The Discipline Committee of the University examines the allegations of misconduct; takes evidence from both sides and recommends penalties to be imposed on the student if found guilty.

Examination Schedule

An examination schedule of one midterm test and final examination will be notified to the teachers and students within 3 weeks after commencing the classes every semester.

Before that, a tentative schedule including the time frame of 1st to 3rd quizzes, one midterm test and final examination will be notified.

Equivalence Committee

There is an Equivalence Committee for determining the fitness of a student (from other institution/university) seeking admission to DIU. The Committee evaluates the academic documents and passes opinion regarding the eligibility for admission to a program in DIU.

Change of Department and Program

Students can change the Department and Program on payment of Tk. 2,500/- If anybody wants to change the Department and Program, she/he will have to apply through a prescribed form for this purpose to the Head of the Department to which he/she is interested to get in, along with the transcripts of the previous courses completed. The department will scrutinize the application. Upon the recommendation of the department and faculty to he (she) is interested to go, the office of the Registrar will make necessary arrangements for transfer.

Campus change

Students can change campus on payment of Tk. 2,500/- If anybody wants to change the campus, she/he will have to apply through a prescribed form for this purpose. It is to be mentioned that the facilities (waiver and others) and fees structure will be identified on campus based enrollment i.e where the student was admitted initially.

Deans' Committee of DIU

The committee comprises of the high officials who are responsible to make decisions regarding financial, academic matters, student affairs, planning & development and formulation of rules & regulations of the university and the committee recommends to BOT for approval. The members of the Deans' committee are as follows:

Designation and Name	Position in the Committee
Vice Chancellor	
Professor Dr. Yousuf Mahbubul Islam	Chairman
Pro- Vice Chancellor	
Dr. S.M. Mahbub Ul Haque Majumder	Member
Dean, Faculty of Business and Economics	
Professor Rafiqul Islam	Member
Dean, Faculty of Science and Information Technology	
Professor Dr. S. M. Mahbub-UI-Haque Majumder	Member
Dean, Faculty of Humanities and Social Sciences	
Professor A. M.M. Hamidur Rahman	Member
Dean, Faculty of Engineering	
Professor Dr. M. Shamsul Alam	Member
Dean, Faculty of Allied Health Sciences	
Professor Dr. Ahmad Ismail Mustafa	Member
Registrar	
Professor Dr. Engr. A. K. M. Fazlul Hoque	Member Secretary
Dean, Permanent Campus	
Professor Dr. Mostafa Kamal	Member

 Honorable Chairman, DIU with Guangdong University of Foreign Studies, China delegation team

Resources And

FACILITIES

Corporate Social Responsibilities

In order to promote the wealthy society and to fulfill its corporate social responsibilities as a good corporate educational Institution, Daffodil International University (DIU) contributes to society in a wide variety of ways. It has already started programs like beautification of the capital city, campaign against corruption, drugs, women repression, acid throwing, blood donation program etc. On the other hand DIU stands closer to the poor, the sick and the unaided countrymen in the time of natural crisis like flood, Sidr, heavy winter etc. For creating awareness among people, DIU also arranges seminar /workshop /symposium /national level conference on various social, moral and national issues.

Some of our CSR programs-

- Employees of DIU contribute one day salary for the flood victims
- DIU donated food and usable items to Bangladesh Army for sidr affected people.
- DIU conducts tree plantation program on regular basis
- Cloths distribution among sufferers
- Regular blood donation program at DIU
- Donation to SIDR effected people
- Donation to Flood affected people
- Computer donation to various High School.
- Donation to Malaysian Chamber of Commerce & Industry to help SIDR effected people
- Donation to Bangladesh Statistical Association for 10th National Conference
- Donation for Road Beautification Project
- Donation to the Dipalok Shishu Kishor for Foundation Day Ceremony
- Donation of computer & computer accessories to different institutions
- Employment of the physically challenged people
- Donation to the Quranic Society Bangladesh to strengthen religious bonds etc.

DIU patronizes campaign for a positive Bangladesh

▶ Central Library

Classrooms

The classrooms are wide, spacious and air-conditioned with audio-visual facilities. The class rooms are also scientifically designed for proper academic environment. An unique quality of the university is to constraint the class room to limited students. So, the teachers can deliver their lectures at ease and can meet the queries of the students efficiently.

Library

DIU has a rich central library to provide necessary services to the faculty and the students. The library is fully automated. The holdings of the library include scholarly and scientific disciplines, particularly Business, Economics, Management, Computer Science, English language and literature, etc. The Library is a progressive and dynamic resource center which supports the curricular and research needs of the University.

Class hours

DIU provides classes during day and evening hours. In case of professionals who are busy with their jobs at daytime, have opportunity to attend classes in the evening.

Digital Lab

A fully equipped modern digital lab is in full service being constructed to ensure fulfillment of technological endeavors.

▶ Class Room

One Student One Laptop

A Step towards Digital Bangladesh

Chief Guest Professor Abdul Mannan
Honorable Chairman, University Grants Commission of Bangladesh (UGC)

Presided Over by Mr. Md. Sabur Khan
Honorable Chairman, Board of Trustees, Daffodil International University

Laptop Distribution Ceremony

One Student One Laptop: a synchronization between ICT & Education

With the motto of 'using technology for transferring education', Daffodil International University (DIU) set out a project named "One Student: One Laptop" a couple of years back with a view to providing its each and every student with one free Daffodil laptop. With logistic & technical supports from another sister concern of Daffodil Group, Daffodil Computers Limited (DCL), DIU dreamt to reach technology to the doorstep of every student by ensuring free laptop to every student of the university.

Daffodil International University can proudly proclaim to be the pioneer in initializing the dictum 'One Student One Laptop' in the history of Private Universities in Bangladesh. DIU envisions building digital Bangladesh by giving a Brick of technology the name of which is "Daffodil PC". DIU started distributing long-awaited Daffodil Laptop among the students under "One Student One Laptop Project" from 2nd February 2011.

DIU has been paying emphasis on ICT since the inception of the university in 2002. Gradually it has invented and implemented many ICT oriented projects, software & module. One Student One Laptop project is its consequence to capture the advancement of information technology in line with Digital Bangladesh campaign of the Government. DIU believes, in today's world superiority of any nation is measured not by its military prowess but by its IT prowess. Being the pioneer, DIU has created stimulating environment providing each and every student with laptops to contribute more to our Digital Bangladesh and thus become an inspirational model to other universities of Bangladesh. As an IT based university, DIU is an encouragement to the students to be global and to excel in their skills to compete globally.

More than 22000 laptops have already been distributed among the students in order to create an IT friendly future generation.

Research Center

To inspire and involve the faculty and students in research activities, DIU has set up three (03) Separate research centers under each faculty, namely (i) Bureau of Business & Economics Research (ii) Research Center for Science & Information Technology (iii) Research Center for Humanities & Social Science.

The goal of the Research Centers is to encourage, conduct, and publicize research. Students and faculty members get various support services from the research centers.

It also arranges study tours, seminars, and workshops all of which contribute to the advancement of knowledge.

Financial Aids

DIU provides financial aids to the meritorious and poor students in different categories.

Administration

A fully professional team has been engaged for the administrative purpose. The team consists of multi-disciplinary professionals. Thus, students can get their assistance in all aspects. The team provides following assistance to the students:

- Admission Counseling
- Academic Advising and Counseling
- Academic Affairs
- Computer Support Services
- Accounting Services
- Academic Assessment

 Gymnasium

Gymnasium

DIU has set up a well equipped gym for its students and employees. By a lump sum amount for a certain period, students & employees can become its members and can carry out exercise on a regular basis for good health & fitness. In need, a trainer guides the members the proper ways of exercise and using the accessories.

English Language Lab

This well equipped modern lab plays a vital role in boosting up English learning capabilities of the students through audio-visual and technical aids. Different educative English movies & documentaries are also displayed here.

Publications

In DIU, the Faculty of Business and Economics, and the Faculty of Science and Information Technology publish two separate biannual research-based journals. These journals contain highly scholarly research works from the faculty members of the University and other researchers. The Faculty of Humanities and Social Science is going to publish a journal soon.

Lounge

DIU has exclusive lounges in its different campuses. These are outfitted with big TV screens and sufficient number of seating arrangements. Different short-term meetings and programs are held here. Students also pass their leisure time, complete their group study and academic assignments here.

Auditorium

DIU established a large auditorium with modern audio-visual facilities. There are almost 1000 sitting arrangements with air-conditioned and interior decoration. DIU constructed the auditorium to conduct all seminars, symposium, cultural programs and many other events.

 Auditorium

 Cafeteria

Cafeteria

A gorgeous cafeteria has been established in DIU. Students can get refreshment there. DIU has ensured hygienic foods & water for the students and faculties.

Cyber Cafe

DIU has set up a cyber cafe for frequent online services. The students of DIU can avail themselves of the services of cyber cafe along with refreshment and mini shopping.

Female Hostel

DIU has arranged a six storied female hostel namely " Begum Rokeya Female Hostel", which is close to the university campus. The accommodation is provided upon requirements of the students. DIU ensures comfortable living, good environment and security in the hostel.

CDM Payment System

As a part of automation, DIU has introduced "Cash Deposit Machine (CDM)" facility for students. To avoid long queue and waste of time, the system is helping a lot. Students are able to pay his/her tuition and other fees using this system whenever they want.

Medical Center

A well equipped medical center is running under the department of Pharmacy. A doctor is assigned to provide medical treatment and other kind of medical supports in need for the students and employees.

Prometric Center

DIU was authorized on 1/6/2007 to work as Authorized Prometric Testing Center in Bangladesh. We are capable of providing all the IT exams of Prometric through our well equipped Testing Center. All the IT exam vouchers are available at this center.

Clubs

Besides helping the students in their pursuit of academic knowledge, DIU promotes the enhancement of students, creative, cultural and social qualities by inspiring them to participate in and organize other activities.

For the purpose a set of clubs has been introduced to the students. The clubs are-

DIU Debating Club: DIUDC has been formed to promote debating & public speaking activities and to co-ordinate social activities. DIUDC is the most popular student association in the Daffodil International University (DIU).

Sports Club: Sports club assists students to participate in Intra University, inter university and national competitions. The club also organizes sort of mentioned activities.

Cultural Club: The club assists the students to show their performance in different programs.

English Literary Club (ELC): DIU ELC takes programs to develop students' English language proficiency and nourish their creative faculty.

Business Club: To enhance the practical capabilities of students through real life exposure DIU Business Club acts. Students may acquire adequate knowledge regarding the placement market of local as well as international. The members may exchange views with prominent professionals of the country and abroad.

Science Club: Science Club is a non-profit and non-political association which encourages scientific and other social activities. It is a platform of the students of Faculty of SIT for their mutual advancement by research and practice; to promote closer relationship between the professional world and the students.

Prothom Alo Bandhusabha Club: This club takes part in different social activities in accordance with the Prothom Alo (a popular daily newspaper) bandhusabha. It also works on enhancing creativity of its members through diversified artistic work.

Computer and Programming Club (CPC): The Mission of the club is to equip our students with different aspects of computer hardware & software and programming modules and augment skill related to the same. Faculty members are involved in furnishing students and fit them to fight the challenges of the modern technology-oriented world.

Nature Study Club: This club promotes appreciation and preservation of the environment through education. Nature Study Club includes individuals who share a love of nature. They enjoy extending their awareness and understanding of nature through the extensive variety. Its activities include meeting, field studies, field trips, services, etc.

Real Estate Club: Formed by the students of the department of Real Estate and guided by the faculty members and real estate experts, this club assists students to be updated on present go and future trend of the real estate sector. Students can discuss among themselves to sharpen their knowledge, attain real life practical learning, and solve problems under the supervision of faculty members and other real estate experts.

DIU Photographic Society: This club explores the link between the eye, the camera and the spirit by fostering and encouraging growth of artistic vision and technical knowledge. The society offers a means for the members to share ideas and knowledge with one another and to promote an interest in photography throughout the community, through exhibitions and public events.

Communication Club: It provides its members the opportunity to strengthen their communication skills and abilities, while simultaneously enhancing the learning and civic environment of both the university and the community at large. Its objectives are to develop leadership qualities in students to assume active leadership positions within The Club; to attend and when possible, present at Communication and/or related conferences; to promote social responsibility and community participation etc.

Alumni Association

DIU Alumni Association was established with the initiative of some of the former students of Daffodil International University on January 9, 2009. The Association is dedicated for helping the students of DIU and the worthy members in this association with special projects and activities.

All the alumni, being under one umbrella, are working with DIU to assist the university in getting the apex of quality in higher education. This Association is for making a Quality Cycle- where an entry could make a man polished, a real touchstone. Simultaneously, it is for making a garden where all the daffodils will bloom to remove odds and maladies of society.

▶ Alumni Association

Education ERP Solution

Daffodil International University has developed Online Education ERP Solution to automate the entire Academic & Administrative operations. This Online Software consists of Student Counseling, Admission Test, Faculty-Department-Program Wise Course Curriculum, Course Offering, Section wise Teacher Allocation, Routine Management, Waiver Facility, Registration Add/Drop, Examination, Result Publication, Students Payment Collection, Student Ledger, Library Management, Academic Calendar, Recruitment, PMIS, Attendance, Leave, Providend Fund, Loan, Advance, Payroll, Training, Appraisal, Employee Movement Tracking, Financial Accounting, Organizer, Notice Board etc.

▶ World Class Workshop on Global People Paradigm

Career Development Center

DIU believes that education is the first half of the story and the second half is placement of the students in the job market. So our aim is to enrich our students in a way that they can cope up with competitive market. The main objective of CDC is to provide the students of the university with job and internship placement. CDC is responsible for arranging workshop, training programs, seminar, symposium, job fair in intrauniversity and interuniversity level on regular basis for the professional growth of the students. Together with the internship placement CDC also helps our students to get both part-time and full-time positions. CDC is also working to build up relationship with the well established local and multinational companies to create opportunities for the graduates of the university.

BUSINESS Festival

With the emergence of Basic, Security and Social needs, a revolutionary change has occurred in the field of business. Today the word "Business" not only stands for earning money but also reflects services for the betterment of humankind. Based on that theme, Daffodil International University Business and Education Club and Career Development Center jointly organize the Business Festival every year in association with the Faculty of Business & Economics of DIU. This festival highlights:

1. Young Entrepreneur Fair, in which students generate their ideas and demonstrate those in iconic model in front of the audience and judge panel.
 2. Case competition, in which students solve real business problems and present them before the judge panel.
 3. From Business quiz competition students get a flavor of different fields of business knowledge.
 4. The festival arranges workshop, seminar etc to develop the attitude of students.
 5. An essay competition takes place which helps the students to enhance their research capabilities.
- Besides all these, the festival entertains our students by showing business drama, business movie and cultural program.

Science Fair

Daffodil International University organizes Science & Technology Fair every year in association with the Faculty of Science and Information Technology of DIU. The fair includes open Science Olympiad, scientific seminar on different science related topics and meet the leaders session. Eighty one Projects of different schools and colleges of the Capital including different departments of the Faculty of Science and ICT took part in the fair.

▶ 16th Foundation Anniversary

Foundation Day

Daffodil International University has already passed ten momentous years after its commencement. It celebrates its foundation day every year with gala gathering of students, guardians, teachers-officials, authorities and alumni members. A lot of activities like discussion, fun events, fair, raffle draw, cultural function, awareness programs concerning tobacco, drug & campaign relevant to corporate social responsibility are held in festive mood.

In continuation to the previous years, DIU observed its 16th Foundation Anniversary on January 27, 2018 at Ashulia Permanent Campus, Datta Para, Chou Baria, Ashulia Model Town, Savar, (near Uttara), Dhaka, in larger scale with great enthusiasm and in a colorful manner & festive mood. Mr. Mahfuz Anam, Editor and Publisher of The Daily Star graced the occasion as the Chief Guest and exposed his satisfaction, The day long program included Bus Rally, Pitha Utshab, Blood Donation Program, Discussion, Picnic, Project Exhibition, Showcasing of different Departments and Clubs, Tree Plantation, Games & Sports, Fun Events & Raffle Draw, Picnic & Live Concert.

DIU celebrated its daylong 11th Foundation Anniversary on February 16, 2013 in a joyous style at DIU Ashulia Permanent Campus. Architect Yafes Osman, honorable State Minister, Ministry of Science & Technology, Government of the People's Republic of Bangladesh was present as the Chief Guest. The programs included journey to Ashulia by Bus Rally, formal ceremony, fun events, Exhibition, games and sports, cultural program, Band Music, Raffle Draw and many more.

In the year 2012, DIU celebrated its 10th Foundation Anniversary in a festive mood at DIU Ashulia Permanent Campus, Datta Para, Chou Baria, Ashulia Model Town, Savar, (near Uttara), Dhaka, where Professor Dr. A K Azad Chowdhury, Honorable Chairman (State Minister), University Grants Commission (UGC) of Bangladesh was present as the Chief Guest. In his speech, Dr. Azad stated that, DIU is one of the topmost universities that provide quality education. Govt. high officials, celebrities, media personnel, social personalities, students, guardians, teachers, officials, authorities and alumni members reached the venue by 175 buses and 200 plus vehicles on that day long program. There were daylong cultural events, Raffle Draw, Live Concert of Ayub Bacchu (LRB) and many more.

In the year 2011, DIU celebrated its 9th foundation day and founded the Foundation Laying stone of the permanent campus at its Ashulia Permanent Campus premises at Datta Para, Chou Baria, Ashulia Model Town, Savar, (near Uttara), Dhaka. The whole DIU reached the venue by more than hundred buses and celebrated the whole day program. Professor Nazrul Islam, Honorable Chairman (State Minister), University Grants Commission (UGC) of Bangladesh laid the foundation stone and inaugurated the construction work of the permanent campus.

In the year 2010, DIU celebrated its 8th Foundation Day at Kalabagan Kira Chakra Play Ground on 24th February 2010. Mr. Nurul Islam Nahid, MP, Education Minister Government of the People's Republic of Bangladesh was present as the Chief Guest in the inaugural Ceremony and Professor Nazrul Islam, Chairman, UGC was the special guest. Md. Sabur Khan, Chairman, BOG presided over the ceremony.

 *Inaugural Ceremony of ACM ICPC Asia Regional Dhaka Site Event 2012 Hosted by DIU*

Programming Competition

Daffodil International University continuously fosters for quality education and engages students in many co-curricular activities. DIU regularly has been organizing National Computer Programming Contest since the very inception of the university and the teams from DIU ranked well in many national and ACM Dhaka regional events. Being one of the fast moving digital universities, DIU is taking different drives for quality teaching, research and programmer developments. ACM ICPC Dhaka Regional 2012 will be hosted with prestige and pride of Daffodil International University

ACM ICPC is a two-tier contest in the first of which teams from different universities participate in regional contests and the winners of these contest qualify for the World Finals which are held in different countries. Association of Computing Machinery (ACM), IBM, Upsilon Pi Epsilon (UPE), and Baylor University are thrilled with this contest of problem solving which continues to attract the best and brightest students from around the world with 24,915 contestants from 2,070 universities in 88 countries.

 *ACM ICPC Asia Regional Dhaka Site Event 2012 Hosted by DIU*

DIU organized the First National Career Fair at BICC, Dhaka

1st NATIONAL CAREER FAIR 2014

Career Development Center (CDC) of Daffodil International University organized 1st National Career Fair – 2014 to promote the career of the young talents of the country. The daylong mega event took place on 6th March, 2014 (Thursday) at the Hall of Fame, Harmony Hall and Carnival Hall of Bangabandhu International Conference Center (BICC), Agargaon, Sher-E-Banglanagar, Dhaka-1207.

Having the tagline 'Connecting TALENTS', the career fair aimed to create an environment where new talents and employers can meet and exchange their views and values directly. Nearly 100 Corporate Houses and 15 leading public and private universities were present at the Career Fair. This fair focused on not only in job sectors but also in business and entrepreneurship.

Orientation Program for freshers

At the beginning of every semester, DIU organizes a grand orientation program for the newly admitted students, which are followed by a gorgeous cultural programs. In the orientation program new students are introduced with the Honorable Vice-Chancellor, Dean of the Faculty, Head of the Department, Controller of Examinations, Proctor and other teachers of the Departments. All of them deliver their valuable speeches for the students regarding important issues of the university such as rules & regulations, education system, examinations system, facilities, term & conditions and so on.

Food Festival:

Different types of homemade foods are displayed and sold by the students in different stalls. A judge panel, comprised of faculty members, visits and assesses the best one. This festival introduces different food items and also reminds the students to be aware of contaminated food and take hygienic and healthy food.

Fruit Festival:

It is a regular event of the university that focuses on being familiar with all the seasonal (both local & exotic) fruits. It is a very popular event of the university where many different types of fruits are displayed at different stalls by the students. The best stall is awarded a prize after judgement.

Indoor Games Competition:

Games like carom, table tennis, chess, bagaduli, etc. are played and the best performers in different categories are awarded. It is a very popular event and the students enjoy both participating and watching.

Film Festival:

Different local and international films of educative & inspirational flavor are shown in this festival, which is scheduled for a couple of days. Students enjoy locally and internationally appreciated films and can be able to broaden their knowledge.

Debate Festival:

It is organized by the Daffodil International University Debating Club (DIUDC) where teams from different academic institutions take part. The festival goes on for a specific time and the best is selected by the jury board, comprised of national level expert debaters. Its objective is to sharpen rational understanding and logic of the students of DIU.

National and International Conference

An International Conference on Teaching and Learning is scheduled to be held in January 2013. The aim of the conference will be five-folds: Teaching and Learning Methodologies, Education & Technology, Experimental Pedagogy, Human Resource Development, Living Curricula Development. The theme of the conference will be "Tertiary Education: Realities & Challenges". In connection with this, a national conference, named "1st National Conference On Teaching & Learning (NCTL) at Tertiary Level in Bangladesh" has already been hosted by DIU in the year 2012 where academicians from different universities including DIU took part. The conference was focused on to provide a forum for educationists and scientists in academia and industry to share and discuss practices on how students learn best and are motivated to perform creatively as well as plotting themselves a way forward for tertiary education in Bangladesh in the context of emerging "Digital Bangladesh".

Project Fair and Project Competition

With a view to moulding its students more creative, dynamic and practical, DIU regularly arranges Project Fair & Project Competition, where students come under the supervision of more than one faculty members and thus students' projects are further developed to give a professional acceptability. Even in this year, more than one hundred projects of the students from different departments were demonstrated publicly and were praised by the evaluators and visitors.

NCCIS

National Conference on Communication and Information Security (NCCIS) is dedicated to addressing the challenges in the areas of communication and information security. It was initiated from 2007. The conference aims to foster cooperation among practitioners and theoreticians in this field, and to provide a forum for leading academics, researchers, professionals, practitioners, educators, technologists, programmers, developers, managers, and executives to present new ideas and contributions in this field. It is intended to be a lively meeting, covering a wide range of technical challenges and issues involved with the design, implementation, and applications of communication and information security. Contributions are solicited in all areas related to communication and information security.

Campus Radio

DIU has introduced an Internet Campus Radio of its own to increase interaction and activities among its students and teachers. Educative programs are relayed regularly.

Campus TV

It is a web based television run by the university and focused on airing different educative & programs, events, trainings and information worldwide— anywhere, anytime. The campus TV has been launched by own logistics and resources of the university.

TV Programs Studio

DIU has initiated a TV show making studio where students are having practical experience. Different TV programs are made there.

DIU Air Rover Scout Unit

DIU is the first private university which initiated formed Air Rover Scout Unit in Bangladesh. Students are getting the benefits of Rover units here.

Drug & Smoking free Campus

DIU campus is free from smoke and all sorts of drugs. Students with such malpractices are strictly prohibited in DIU.

Ragging free

DIU is free from eve teasing, ragging, bullying free campus and nurtures an education friendly environment for all students.

Ethical Order, native culture and respect for others

DIU fosters native, religious cultures, makes students respectful to others, builds a habit of strong morality and selflessness and discourages practices of disco and so called ultra- modern cultures. It maintains a decent dress code for all its students and other members.

Corruption free Campus

DIU is a university which is free from copying and adopting unfair means in the exams. Teachers are very friendly and students are prone to learn basic things and avoid copying in the exams.

 Pharmacy Laboratory

Daffodil International University endeavors to provide its students adequate laboratory facilities in each semester, especially for the science and engineering students. Each of the undergraduate programs of the Faculty of Science and Information Technology is intensively laboratory oriented. From the very beginning the Faculty has been trying its level best to establish different laboratories and procure sophisticated equipment from home and abroad especially from USA, UK, Australia, Japan, China, South Korea, Taiwan, India, etc. The following laboratories have already been established:

Laboratory Facilities

- Electrical Circuits Laboratory
- Analog Electronic Laboratory
- Digital Electronic Laboratory
- Microprocessor and Interfacing Laboratory
- Measurement and Instrumentation Laboratory
- Industrial Electronic Laboratory
- Control Systems Laboratory
- Digital Signal Processing Laboratory
- Data Communication Laboratory
- Computer Networks Laboratory
- Telecommunication Engineering Laboratory
- Microwave Engineering Laboratory
- Physics Laboratory
- Chemistry Laboratory
- Hardware Laboratory
- Programming Laboratory
- Operating System & Internet Laboratory
- Web & Database Laboratory
- Internet Laboratory
- IT Laboratory
- Textile testing & Quality Control Laboratory
- Engineering Drawing Laboratory
- Textile Coloration & Chemistry Laboratory
- Pharmacy Laboratory
- Apparel Manufacturing Laboratory
- Wet processing Laboratory
- Software Laboratory
- Mechanical Laboratory
- Computer Laboratory
- Internet Browsing Laboratory
- Oracle Laboratory
- Cisco Laboratory

▶ International Students at English Language Lab

Electrical Circuits Laboratory:

This laboratory is equipped with various types of resistors, variable rheostat, inductor, capacitor, dc and ac power supplies. Switches, lamp boards, ammeters, voltmeters, clamp-on-meters, variacs, oscilloscopes, etc. Here students verify different electrical circuit and network theorems, e.g., KCL, KVL, mesh, node, thevenin's, maximum power transfer, superposition theorems, etc.

Analog Electronics Laboratory:

This laboratory is well equipped with various types of analog trainer boards, oscilloscopes, dc power sources, function generators, multimeter, LCR meters. Besides, in this laboratory there are wide ranges of resistors. Capacitors, inductors, VRs, diode, transistor, MOSFET, analog ICs, etc. Students are engaged in doing experiments on study of semiconductor device characteristics, voltage regulator circuit, rectifier circuit, adder, integrator and differentiator circuit using linear op-amp IC, minority carrier life-time measurement of LDR and LED. Besides, students build project on CE/CC amplifier, power amplifier, communication circuits such as Amplitude and Frequency Modulation and Demodulation circuit, PLL circuit, etc.

Digital Electronics Laboratory:

This laboratory is featured with state-of-the art laboratory equipment such as digital trainer board, logic probe, IC tester, IC extractor, digital meters, data switches, and wide ranges of digital ICs of TTL and CMOS series. Students do laboratory experiments on designing combinational and sequential circuits. Besides, they build up projects on logic gates, digital voltmeter, digital timer, etc. This laboratory will be furnished with FPGA training kit of Midas, Korea very soon.

Microprocessor & Interfacing Laboratory:

This laboratory is established with 8086 microprocessor trainer kit, Pentium IV microcomputer, memory and interface ICs and devices. Students do projects on microprocessor and pc based dc motor and stepper motor controls, control of different electrical appliances through relay, display different patterns on LED, seven-segment display and dot-matrix display.

Measurement & Instrumentation Laboratory

This laboratory is equipped with various types of test and measurement instruments like galvanometer, ammeter, voltmeter, wattmeter, energy meter, solar panel, different types of transducer, etc. Students design and implement experiments on differential and instrumentation amplifier, universal voltmeter, power and energy measurement techniques.

Industrial Electronics Laboratory

This is a newly established laboratory. Students mainly do experiments on study of device characteristics of MOSFET, SCR, TRIAC, DIAC, UJT, PUT, etc. They also use PSPICE and MATLAB software packages to simulate various types of power electronics circuits e.g. inverter, buck and boost regulator, chopper driven circuits, etc.

Control System Laboratory

This laboratory has been functioning using the PLC, analog and digital motor control, robot arm control, PID control, etc. At present, students are using 'Control System Toolbox' of MATLAB to study the Routh's Stability Criterion, Step response to a system of different orders and types, root locus, PID control and digital control, Lm and phase-angle diagram to find the error co-efficient of a system for different types of input signals.

Digital Signal Processing Laboratory

This laboratory has also been developed using the DSP training kit of Texas Instrument's TMS320Cxx. At present, students are doing experiments using 'Signal Processing Toolbox1 of MATLAB. They are doing experiments on sample sequence generation, noise cancellation of an image, study of FIR and MR filters, power spectrum analysis, .wav file processing, etc.

Data Communication Laboratory

This laboratory has also been set up using the data communication trainer from Falcon, India. At the moment, students are doing experiments on AM, FM, PCM, QPSK, ASK, FSK, OMSK, BER calculation, TDM, TDMA, CDMA, etc. using 'Communication Toolbox1 of MATLAB.

 Textile Laboratory

 Study Tour

Computer Networks Laboratory

In this laboratory, there is a great number of PCs connected with LAN for 60 students. This laboratory is provided with Windows 2000 Professional Servers, NIC, Crimpers, twisted pair cables, RJ45 connectors, router, switches, hubs and other networking kits.

Telecommunication Engineering Laboratory

This laboratory has been working from summer 2006 semester for the use of the experimental kits from TIMS, Australia, U Technicals, UK and Falcon, India.

Microwave Engineering Laboratory

This laboratory has started functioning from summer 2006 semester and will be equipped with microwave communication trainers from U Technicals, UK and D'Lorenzo, Italy.

Pharmacy Laboratory

The Department of Pharmacy has the following laboratory facilities, each adequately equipped with instruments, equipment, glassware chemicals to perform experiments defined in the curricula.

1. Inorganic and Physical Pharmacy Laboratory
2. Pharmacognosy and Phytochemistry Laboratory
3. Organic pharmacy and Medicinal Chemistry Laboratory
4. Physiology and Pharmacology Laboratory
5. Pharmaceutical Microbiology Laboratory
6. Pharmaceuticals and Biopharmaceutics Laboratory

Visitors

Lot of distinguished visitors made visit to Daffodil International University. DIU always encourages the visitors and expatriates for their valuable comments and suggestions.

Join with Champions

Daffodil International University proudly announces its best position on 1st National Debate Championship 2009, Inter University Programming Contest 2010, T20 Fairplay Cup 2010, National Athlete 2009 and Karate in SA Games 2010.

DIU also was rewarded for the Best University Debating Club in the Trust Bank NDF BD 5th National Debate Festival 2010. This is a unique achievement in Bangladesh among all private and public universities.

Name	Position
Vice Chancellor	
Professor Yousuf Mahbubul Islam, PhD	Chairperson
Pro-Vice Chancellor	
Professor S.M. Mahbub Ul Haque Majumder, PhD	Member
Treasurer	
Mr. Hamidul Haque Khan	Member
An Academic Council Member Nominated by Vice Chancellor	
Professor Rafiqul Islam	Member
A Dean nominated by Vice Chancellor	
Professor S.M. Mahbub Ul Haque Majumder, PhD	Member
A Head nominated by Vice Chancellor	
Dr. Farhana Helal Mehtab	Member
An admirer of education, nominated by the Government	
Mr. Md. Abdullah Al Hasan Chowdhury	Member
Three (3) Members of BoT, nominated by Board of Trustees	
1. Ms. Shahana Khan	Member
2. Mr. Mohamed Emran Hossain	Member
3. Mr. Md. Khorshed Alam Khan	Member
A Professor of a University nominated by UGC	
Professor Gulshan Ara Latifa, PhD	Member
Registrar	
Professor Engr. A.K.M. Fazlul Hoque, PhD	Member Secretary

Academic Council

Vice Chancellor

Professor Yousuf Mahbubul Islam, PhD
Chairman

Pro-Vice Chancellor

Professor S.M. Mahbub-UI-Haque Majumder, PhD

Deans of Faculty

Dean, Faculty of Business and Economics (FBE)
Mr. Mohammed Masum Iqbal

Dean, Faculty of Science and Information Technology (FSIT)
Professor S.M. Mahbub-UI-Haque Majumder, PhD

Dean, Faculty of Engineering (FE)
Professor Dr. M. Shamsul Alam

Dean, Faculty of Allied Health Sciences (FAHS)
Professor Dr. Ahmad Ismail Mustafa

Dean, Faculty of Humanities and Social Science
Professor A. M.M. Hamidur Rahman

Deans of Campus/Institute

Dean, Permanent Campus
Professor Dr. Mostafa Kamal

Dean, Human Resource Development Institute HRDI
Professor Dr. Farid Ahammad Sobhani

Head of Departments

Head, Textile Engineering (TE)
Professor Dr. Md. Mahbubul Haque

Head, Computer Science and Engineering (CSE)
Professor Dr. Syed Akhter Hossain

Head, Architecture
Professor Md. Khairul Enam

Head, Electronics and Telecommunication Engineering (ETE)
Mr. Md. Taslim Arefin

Head, Nutrition and Food Engineering
Professor Dr. Md. Bellal Hossain

Head, Electrical and Electronic Engineering (EEE)
Professor Dr. Md. Shahid Ullah

Head, Software Engineering (SWE)
Professor Dr. Touhid Bhuyan

Head, Public Health
Dr. Md. Shahjahan

Head, Business Administration
Mr. Mohammed Masum Iqbal

Head, Journalism and Mass Communication
Mr. Saleem Ahmed

Head, General Educational Development
Mr. Syed Mizanur Rahman

Head, Tourism and Hospitality Management
Mr. Mahbub Parvez

Head, Real Estate
Mr. Nurul Mohammad Zayed

Head, Environment Science and Disaster Management
Dr. A.B.M. Kamal Pasha

Head, English
Mr. Rakibul Hasan Khan

Head, Civil Engineering
Dr. Miah M. Hussainuzzaman

Head, Development Studies
Mr. Md. Fouad Hossain Sarker

Head, Law
Dr. Farhana Helal Mehtab

Head, Multimedia and Creative Technology (MCT)
Dr. Shaikh Muhammad Allayear

Head, Pharmacy
Mr. Md. Mustafezur Rahman

Head, Entrepreneurship (In-charge)
Mr. Mohammad Shibli Shahriar

Head, Commerce
Mr. Md. Ali Imran

Head, Computing and Information System
Mr. Md. Sarwar Hossain Mollah

Director of Institutes

Director Research
Professor. Dr. Md. Kabirul Islam

Director, International Affairs
Professor Dr. Md. Fokhray Hossain

Director, Institutional Quality Assurance Cell, IQAC
Professor Dr. A. K. M. Fazlul Haque

Director, Daffodil Institute of Languages (DIL)
Dr. Binoy Barman

Director, Students Affairs
Mr. Syed Mizanur Rahman

Director, Career Development Center (CDC)
Mr. Abu Taher Khan

Academic Council

One (01) Senior Professor from each Department

Emeritus Professor
Professor Dr. M. Lutfar Rahman

Electronics and Telecommunication Engineering
Professor Dr. Md. Golam Mowla Choudhury

Department of Business Administration
Professor Dr. Ahmed Fakhru Alam

Department of Public Health
Professor Dr. Harun-Ar-Rashid

Department of Textile
Dr. Engr. Md. Saifur Rahman

Department of Pharmacy
Professor Dr. Sharif Mohammad Shaheen

Three (03) Admirers of Education nominated by BoT

Honorable President-ICAB Executive
Mr. Showkat Hossain FCA

Director and Advisor, IBFB
Brig. General (Retd.) M. Mofizur Rahman

Director, Administration, DIU
Mr. Mohamed Emran Hossain, Member, BoT

Two Admirers of Education nominated by Syndicate

Member, Bangladesh Public Service Commission
Professor Dr. Shariff Enamul Kabir

President, IEB
Engr. Md. Kabir Ahmed Bhuiyan

Registrar, who will be the Secretary of the Committee

Registrar
Professor Engr. A. K. M. Fazlul Hoque ,PhD
